CLASS HISTORY

In September of nineteen hundred and forty seven, thirty four freshmen faced their first year of high school. Everything was new, we were inexperienced in this new type of study, but after nine months we felt we had accomplished much under the leadership of Mrs. Lois Miller.

Twenty eight were left to begin the second year of our high school under the direction of Mrs. Geneva Harrill.

Two new students increased the number of our class to thirty, as we began our Junior year with Miss Jeanette Current as our advisor. The Junior-Senior Banquet and the play were the outstanding events and will always be pleasant reminders of our Junior year.

In September of nineteen hundred and fifty one, twenty one girls and boys eagerly began their last year of high school education, each determined to take advantage of all opportunities. Leonard Williams was chosen as class president, and Mrs. Mary Joe Chambers served as our sponsor. The highlights of the year were receiving our class rings, producing the Senior Play, and attending the Junior-Senior Banquet.

As we near graduation, we look back over the four short years and realize that we have attained the goal which then seemed so far away. With many happy memories and with a sense of achievement, as we understand it, we carry with us the resolve to seek new goals by always fulfilling our Senior motto, "Hitch your wagon to a star."

PROPHECY

I, Juanita Gentle, secretary for the Vice President of Powers Modeling Company, New York, was relaxing in the lounging room after lunch when my head began to nod. Suddenly I fell into a deep sleep. It seemed that I was gazing into a crystal ball, which predicted the future of my fellow classmates.

Faintly, I saw Barbara Benson, teaching the third grade at the famous Woodleaf School.

Then the light grew dim and I could see a tall, busy doctor in his office at Cool-eemee, who was none other than Thomas Poole, counting the pulse of one of Mona Winecoff's twenty-four "carrot tops". I was amazed when I identified the nurse, moving swiftly down the corridor, as Oma Lee Click.

Next, my vision traveled to Hollywood, California, where I saw John Lyerly as Top Artist for the Walt Disney Studios. Suddenly his telephone rang and I recognized the voice of Peggy Adams, a telephone operator for the Bell Telephone Company in New York.

Then I could see dimly, Linda Murph working as a Secret Agent for the F. B. I. in Washington, assisted by Norma Painter, her secretary.

The figures in the ball became confused and then cleared, as I saw myself meeting the governor of North Carolina, Leonard Williams.

The scene changed and I passed by the airport where I saw Peggy Webb boarding a Transcontinental plane leaving for Oklahoma to join her husband.

Quickly the ball turned and I saw Patsy Gibbons at the Hanes Hosiery Mill at Winston Salem, inspecting hose for her husband.

As I moved the ball slightly, I saw my old home town where Frank Hoover, State Highway Patrolman, had just taken a speed violator to court.

Next I saw in the ball a veterinarian, Neely Moore, visiting the farms of the two outstanding farmers of 1962, Cuthiel Wood and Carl Steele.

Again the light grew dim and then brightened, and I saw Jerry Cranford, driving the first "CRANFORD" automobile off the assembly line in Detroit, Michigan, with Jeanette Kinley, his secretary, watching very excitedly.

The last view was a meeting of the Home Demonstration Club of the Scotch-Irish Township, where I recognized Martha Deal, Margaret Douglas, and Joan Cranford as leading officers of the club because of their interest in home and family life.

Suddenly, a rough shake aroused me from this revealing dream, and brought me to the world of reality. Again I was a secretary, about to resume my normal duties, but I know I shall never forget the prophecies of my dream.

CLASS POEM

As the time for us to leave draws nigh,
We Seniors begin to think of the past,
Of the good old days at Woodleaf High
And the years that have gone so fast.

Our thoughts of the past remind us still
That we must not loose sight of our goal,
Though the paths we tred are all uphill
We must go on, though dark clouds roll.

We must not quit in the midst of our fight
For we may not know how close we are
To winning our goal, for in the night
It may be near when we think it is far.

Yes, we must go on through thick and thin
And never think of giving in
And when our goal seems so far
We'll "Hitch our wagon to a star"

STATISTICS

After collecting facts and figures for the greatest class ever assembled here at Woodleaf, I hereby publish the following Statistics of the Class of '52.

The average height of this class of dignified Seniors is five feet, four and two thirds inches- the boys being five feet and eight inches and the girls five feet and four inches.

Our Statistics show that the average weight of the boys is 135 pounds and the girls 110 pounds. Shoes range from a small 5 to a large 9 1/2.

Blue eyes seem to hold a 35% over the others, gray 15%, brown and hazel 25% each.

The Senior class is made up of various religious denominations, the majority being Methodists.

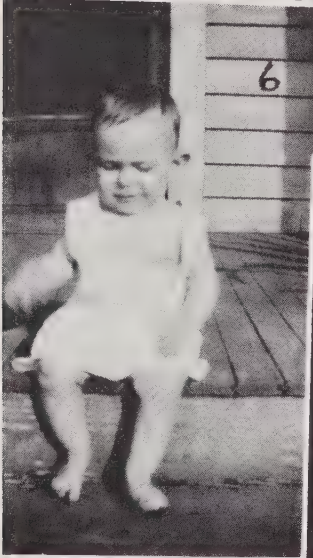

As for the political lines, I find the Democrats have a 70% majority.

The above facts and figures concerning the class of '52 are true to the best of my knowledge, and I, the Statistician of this, the best Senior Class yet, do solemnly affix my signature.
